INDEX OF AUTHORS AND SUBJECTS

AUTHORS

A

Allison, R. S., and Morison, J. E.: Cerebral vascular lesions and the tentorial pressure cone. 1.

B

Botterell, E. H., Carmichael, E. A., and Cone, W. V.: Sulphanilamide and sulphapyridine in experimental cerebral wounds. 163.

C

Carmichael, E. A., Botterell, E. H., and Cone, W. V.: Sulphanilamide and sulphapyridine in experimental cerebral wounds. 163.
Cone, W. V., Botterell, E. H., and Carmichael, E. A.: Sulphanilamide and sulphapyridine in experimental cerebral wounds. 163.
Cumings, J. N.: Potassium and muscular disorders. 226.
Cumings, J. N.: The effect of prostigmin on the urinary excretion of potassium in the normal subject. 235.

G

Goggio, A. F.: The mechanism of contre-coup injury. 11
Gutman, E., Weddell, G., and Guttman, L.: The local extension of nerve fibres into denervated areas of skin. 206.
Guttman, L., Gutman, E., Weddell, G.: The local extension of nerve fibres into denervated areas of skin. 206.

H

Hemphill, R. E., and Stengel, E.: Alzheimer's disease with predominating crossed cerebro-cerebellar hemiatrophy. 97.

L

Linell, A. E., and Robinson, W. L.: Head injuries and meningitis. 23.

Mc.

McConnell, A. A.: Traumatic subdural effusions. 237.
McMenemey, W. H.: Dementia in middle age. Critical review. 48.

M

Morison, J. E., and Allison, R. S.: Cerebral vascular lesions and the tentorial pressure cone. 1.

N

Norman, R. M., and Wood, N.: A congenital form of amaurotic family idiocy. 175.

R

Robinson, W. L., and Linell, A. E.: Head injuries and meningitis. 23.
Rubinstein, L. H.: Imperception for the position of the eyelids on one side. 191.

S

Stengel, E., and Hemphill, R. E.: Alzheimer's disease with predominating crossed cerebro-cerebellar hemiatrophy. 97.

W

Weddell, G., Gutman, E., and Guttman, L.: The local extension of nerve fibres into denervated areas of skin. 206.
Williams, Denis: The effect of cholin-like substances on the cerebral electrical discharges in epilepsy. 32.
Williams, Denis: The electro-encephalogram in acute head injuries. 107.
Williams, Denis: The electro-encephalogram in chronic post-traumatic states. 131.
Williams, Denis: The significance of an abnormal electro-encephalogram. 257.

SUBJECTS

A

Abnormal electro-encephalogram, the significance of an. Denis Williams. 257.
Acute head injuries, the electro-encephalogram in. Denis Williams. 107.
Alzheimer's disease with predominating crossed cerebro-cerebellar hemiatrophy. R. E. Hemphill and E. Stengel. 97.
Amaurotic family idiocy, a congenital form of. R. M. Norman and N. Wood. 175.

B

Book reviews. 96, 296.
British Neurological Surgeons, Proceedings of the Society of. 269.

C

Cerebral electrical discharges in epilepsy, the effect of cholin-like substances on the. Denis Williams. 32.
Cerebral vascular lesions and the tentorial pressure cone. R. S. Allison and J. E. Morison. 1.
Cerebral wounds, sulphanilamide and sulphapyridine in experimental. E. H. Botterell, E. A. Carmichael, and W. V. Cone. 163.
Cerebro-cerebellar hemiatrophy, Alzheimer's disease with predominating crossed. R. E. Hemphill and E. Stengel. 97
Cholin-like substances, the effect of, on the cerebral electrical discharges in epilepsy. Denis Williams. 32.
Chronic post-traumatic states, the electro-encephalogram in. Denis Williams. 131.
Cone, tentorial pressure, and cerebro-vascular lesions. R. S. Allison and J. E. Morison. 1.
Congenital form of amaurotic family idiocy, a. R. M. Norman and N. Wood. 175.
Contre-coup injury, the mechanism of. A. F. Goggio. 11.
Critical review: Dementia in middle age. W. H. McMenemy. 48.
Crossed cerebro-cerebellar hemiatrophy, Alzheimer's disease with predominating. R. E. Hemphill and E. Stengel. 97.
Current journals, epitome of. 80, 147, 279.

D

Denervated areas of skin, the local extension of nerve fibres into. G. Weddell, L. Guttman, and E. Gutman. 206.
Disorders, muscular, and potassium. J. N. Cumings. 226.

E

Effect of cholin-like substances on the cerebral electrical discharges in epilepsy. Denis Williams. 32.
Effect of prostigmin on the urinary excretion of potassium in the normal subject. J. N. Cumings. 235.
Effusions, traumatic subdural. A. A. McConnell. 237.
Electrical discharges in epilepsy, the effect of cholin-like substances on the. Denis Williams. 32.
Electro-encephalogram, the significance of an abnormal. Denis Williams. 257.
Electro-encephalogram in acute head injuries, the. Denis Williams. 107.
Electro-encephalogram in chronic post-traumatic states, the. Denis Williams. 131.
Epilepsy, the effect of cholin-like substances on the cerebral electrical discharges in. Denis Williams. 32.
Epitome of current journals. 80, 147, 279.
Excretion of potassium, the effect of prostigmin on the, in the normal subject. J. N. Cumings. 235.

Experimental cerebral wounds, sulphanilamide and sulphapyridine in. E. H. Botterell, E. A. Carmichael, and W. V. Cone. 163.
Extension of nerve fibres into denervated areas of skin, the. G. Weddell, L. Guttman, and E. Gutman. 206.
Eyelids, imperception for the position of the, on one side. L. H. Rubinstein. 191.

F

Family idiocy, a congenital form of amaurotic. R. M. Norman and N. Wood. 175.

H

Head injuries and meningitis. A. E. Linell and W. L. Robinson. 23.
Head injuries, the electro-encephalogram in. Denis Williams. 107.
Hemiatrophy, Alzheimer's disease with predominating crossed cerebro-cerebellar. R. E. Hemphill and E. Stengel. 97.

I

Idiocy, a congenital form of amaurotic family. R. M. Norman and N. Wood. 175.
Imperception for the position of the eyelids on one side. L. H. Rubinstein. 191.
Injuries, acute head, the electro-encephalogram in. Denis Williams. 107.
Injuries, head, and meningitis. A. E. Linell and W. L. Robinson. 23.
Injury, contre-coup, the mechanism of. A. F. Goggio. 11.

J

Journals, epitome of current. 80, 147, 279.

L

Lesions, cerebral vascular, and the tentorial pressure cone. R. S. Allison and J. E. Morison. 1.
Local extension of nerve fibres into denervated areas of skin, the. G. Weddell, L. Guttman, and E. Gutman. 206.

M

Mechanism of contre-coup injury, the. A. F. Goggio. 11.
Meningitis and head injuries. A. E. Linell and W. L. Robinson. 23.
Middle age, dementia in. Critical review. W. H. McMenemey. 48.
Muscular disorders and potassium. J. N. Cumings. 226.

N

Nerve fibres, the local extension of, into denervated areas of skin. G. Weddell, L. Guttman, and E. Gutman. 206.
Neurological surgeons, proceedings of society of. 269.
Normal subject, the effect of prostigmin on the urinary excretion of potassium in the. J. N. Cumings. 235.

P

Position of eyelids, imperception for the, on one side. L. H. Rubinstein. 191.
Post-traumatic states, the electro-encephalogram in chronic. Denis Williams. 131.
Potassium and muscular disorders. J. N. Cumings. 226.
Potassium in the normal subject, the effect of prostigmin on the urinary excretion of. J. N. Cumings. 235.
Predominating crossed cerebro-cerebellar hemiatrophy, Alzheimer's disease with. R. E. Hemphill and E. Stengel. 97.
Pressure cone, cerebral vascular lesions and the tentorial. R. S. Allison and J. E. Morison. 1.
Proceedings of the Society of British Neurological Surgeons. 269.
Prostigmin, the effect of, on the urinary excretion of potassium in the normal subject. J. N. Cumings. 235.

R

Review, critical. Dementia in middle age. W. H. McMenemey. 48.

S

Significance of an abnormal electro-encephalogram, the. Denis Williams. 257.
Skin, the local extension of nerve fibres into denervated areas of, G. Weddell, L. Guttman, and E. Gutman. 206.

Society of British Neurological Surgeons, Proceedings of the. 269.
Subdural traumatic effusions. A. A. McConnell. 237.
Sulphanilamide and sulphapyridine in experimental cerebral wounds. E. H. Botterell, E. A. Carmichael, and W. V. Cone. 163.
Sulphapyridine and sulphanilamide in experimental cerebral wounds. E. H. Botterell, E. A. Carmichael, and W. V. Cone. 163.
Surgeons, British Neurological, Proceedings of Society of. 269.

T

Tentorial pressure cone, cerebral vascular lesions and the. R. S. Allison and J. E. Morison. 1.
Traumatic states, the electro-encephalogram in chronic post-. Denis Williams. 131.
Traumatic subdural effusions. A. A. McConnell. 237.

U

Urinary excretion of potassium, the effect of prostigmin on the, in the normal subject. J. N. Cumings. 235.

V

Vascular lesions, cerebral, and the tentorial pressure cone. R. S. Allison and J. E. Morison. 1.

W

Wounds, sulphanilamide and sulphapyridine in experimental cerebral. E. H. Botterell, E. A. Carmichael, and W. V. Cone. 163.

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LIMITED, LONDON AND BECCLES
